Webinar No- 10

Title	From dependence to self-reliance
Resource Person	Diksha Dinde Social activist and herself a disabled person Pune
Date	13/11/2021
Coordinator	Dr. Hanumant Salunke

On behalf of Manavlok College of Social Work, Ambajogai, a webinar was organized on 13th November 2021. This webinar was guided by Diksha Dinde a social activist from Pune and herself a disabled person.

Diksha Dinde of Pune who lives and lives the phrase "Housle buland ho, to manjile door nahi hoti". She has been suffering from cerebral palsy since birth. 84 percent are disabled. But still she continued her journey without giving up. She is famous worldwide as a 'motivational speaker'. She is also known as 'wheelchair girl'. Now Diksha has achieved another big success. Awarded a prestigious scholarship by the British Government. She has received Chevening's Honorary Scholarship. Diksha, who cannot stand on his own feet, has taken a high leap towards his dream. Diksha is highly educated. She prepares for competitive exams in Pune. Her dream is to work in administration.

She faces many problems due to disability

Due to her disability, she faced many problems in many places. She had to listen to many people but she did not stop. She was excluded from a college trip because of her disability. But then she decided to travel around the world. She calls herself not 'girl on wheels' but 'girl on wigs'. Many people have noticed her journey till date.

Your thoughts determine your life. I also can't believe that a girl who can't even step out of the house without her mother's help goes to many countries as a 'motivational speaker' today. Many people gave trouble to my parents for having a disabled child like me, but due to their support, today I can fly towards my dreams even without legs. Man should live and live. Can many people be taken along in the journey towards the goal? She says proudly that she should think about it.

The program was assisted by Mr. Krisna Sapte while the coordinator of the program was Dr. Hanumant Salunke.
