About Workshop:

IQAC , Manavlok Social Work College, Ambajogai, Dist- Beed and Gandhi Research Foundation Jalgaon jointly organized one day workshop on '**Sustainable Development and Social Responsibility**'. The workshop started sharp at 10.30 am. The theme underlines the importance of such initiative in current situation. Gandhian thoughts on sustainable development have great appropriateness in modern days where development word has become synonym to exploitation.

Dr. John said that Sustainable development means to fulfill the present needs without compromising the needs of future generation. Mahatma Gandhi's way of living is the best example of sustainable development for world. In Mahatma Gandhi words, "Earth provides enough to satisfy every man's need but not any man's greed". It was interactive discussion with students; resource person involved all students and used question answer method effectively. Students asked number of questions to know Gandhian Approach towards today's complicated materialistic world. He said that rural restructure is necessary for sustainable development.

Prof. Ashwin Zhala explained the relevance of Gandhian Ideology. He said that, "Human development" has now become the cornerstone of mainstream wisdom. Gandhiji reckoned health as one's "biggest wealth, not the golds and silvers". He mentioned that, to eradicate hunger, people should be ensured with nourishment, i.e. healthy food. This pronouncement predates our current realisation that, as we eradicate hunger, we need to ensure nutrition, particularly for children. At the same time Mahatma held that education is a significant driver of change. For him, education is a "life-time phenomenon", "doing away with illiteracy, is not necessarily full education". Measure of education for him was the revealed amount of inner goodness or potentials of a person.

Shri Anietji Lohiya , Secretary, Manavlok said that, environment preservation is become the responsibility of each member of society. Manavlok is constantly taking efforts to

make awreness in the society about environmental issues. He appealed all students that they shall create awareness about responsibility towards nature.

Kisan Shingare, Assistant Professor, in his introductory speech took review of the college practices towards environment sustainability. Dr. Prakash Jadhav, Principal, Dr. Rama Pande, Dr. Najir Sheikh, Dr. Arundhati Patil, Prof. Sukeshini Jogdand, Dr. Hanumant Salunkhe, Dr. Vanita Machave and non teaching staff was present in this workshop.
