Field Work Report

2023-2024

Field work is an integral part of social work education which imparts practical / field knowledge to students by practicing theory in the field. Manavlok Social Work College is doing various experiments in its field work by placing students in different fields. MSW 1st year students are placing in school in and around the town. We are covering the areas like diyang schools, schools in slum areas and schools of minority citizens.

During the academic year we make field work placement twice i.e. during 1st semester and second semester. During the academic year we placed the students in nine schools distributed among six faculties, we sent letter to the agency supervisors and after getting permission we sent them to their respective schools and after successful completion of field work we received completion letter by the agencies i.e. schools. Our college conducted field work workshop for the MSW 1st year students before starting the field work on dated 06.09.2023 to understand the field work objectives and areas of social work and social work methods such as case work, group work and about how to write report and dairy. We are making field work placement with the following objectives.

- To learn through direct implementation of their future professional roles in real workplace settings.
- To enrich the experience of students by linking academic studies in the classroom with real practical situations in the work environment.
- To develop skills selection and use of tools for problem solving in productive work.

- To provide students the opportunity to work in a professional setting to develop and demonstrate in social work.
- To integrate the theories and practices learned in and out of the classroom.
- To develop sense of commitment to the social work profession and code of ethics.

Abhivyakti Media For Development

05th July 2024

To Whom It May Concern

Abhivyakti Media for Development is a Nashik-based non-profit registered organization involved in providing development communication support for the last 36 years. It works with different sections of the populace, like women, children, parents, school students, teachers, and tribal and developmental workers. Its main focus is to create awareness among them on various social issues that confront them in order to make them effective people so that they are able to lead a life of dignity and respect.

This is to certify that **Ms. Vishakha Manda Dharmraj Sarwade** is a student in the **Manavlok Social Work College (MSW)** at Ambejogai. She was an intern with Abhivyakti Media for Development, from 1th June to 5th July 2024. As an intern, she worked with the Shodhini, Youth for Change Programme (YCP) and the Media Resource Centre at Abhivyakti.

During her internship, she actively contributed to the Hunner Project to collect data updates and recorded the books in the the Shodhini Program of Abhivyakti in Excel. She also did the voice recording and typing for the YCP program. She actively participated in the program "Dene Anandache" organized by Earth Care Foundation and Satsang Foundation's Tree Plantation on Brahmagiri mountain organized on the occasion of 5th June Environment Day. As part of their learning process, they have received inputs on community media, photo and videography, film appreciation, and proposal writing conducted through Abhivyakti's Learning Hub program. In the process she has also prepared a flannel story on "Menstrual cycle" which could be circulated at the community level.

Ms. Vishakha was honest in her work and her efforts during the internship were well planned. We hope the experience and learning she has gathered during her internship in Abhivyakti would be useful for her career and life.

We extend our best wishes to **Vishakha Manda Dharmraj Sarwade** and her future endeavours.
